

# ACRYLIC (AC)

# ACRYLIC WAVE

Model  
**AC 8401**

## Curved Rectangular Form:

- The body of the trophy has an asymmetrical vertical shape.
- The left side curves upward smoothly, ending in a slanted, pointed tip.
- This adds a sense of modernity and movement to the design.

## Material:

- Made of transparent acrylic, giving it a glass-like, sleek appearance.

## Color & Decorative Elements

- Base Color: Primarily clear, allowing visibility through the trophy.
- Accent Color: A vibrant purple textured section covers the lower left portion, adding contrast and a stylish flair.

## Base Section

- Material: Acrylic clear base, consistent with the rest of the trophy.

A 7"  
₹ 515

B 9.75"  
₹ 710

# ACRYLIC SCHOLAR

Model  
**AC 8405**

## Asymmetrical Curved Body:

- The trophy has an organic, wave-like contour.
- It curves gently to the left, forming a soft upward swoop toward the top-right corner.
- The left edge is slightly taller and rounded; the right edge is lower and more angular.
- The shape gives the illusion of movement or a flowing ribbon, making it dynamic and visually interesting.

## Material:

- Made from clear acrylic material, with a colored front panel.

## Color & Decorative Elements

### Accent Colors:

- Blue arcs on the top-left corner and lower-right edge provide cool contrast.
- Two golden 3D stars are embedded near the top right — a nod to excellence and achievement.

## Base Structure

**Material:** Clear acrylic base, rectangular and stable.

# ACRYLIC CIRCULAR JEWEL

Model  
**AC 8424**

## Shape:

- The main body is a perfect circular disc, giving it a medal-like appearance, but it is freestanding.
- The top edges are angled/faceted, adding a crystal-cut look for a premium finish.

## Material:

- Made from clear acrylic, which resembles crystal or glass.
- The surface is smooth, polished, and transparent, giving it a sleek and modern appearance.

## Base Structure

**Material:** A solid black rectangular acrylic base.

# ACRYLIC BLUE OCTA

Model  
**AC 8425**

## Main Body:

- The top section is a geometric polygonal disc, shaped like a flattened decagon (10-sided), with faceted edges.
- The surface is crystal-clear acrylic, giving it a glass-like, premium finish.
- It has a slightly beveled or cut-glass appearance on the edges for added sophistication.

**Material:** High-quality transparent acrylic.

## Base Design

### Structure:

- The award is mounted on a two-layered base:
- The bottom layer is a transparent trapezoidal platform, adding stability.
- The top layer is a flat blue acrylic plate which contrasts beautifully against the clear structure and adds a modern touch.

B 5 1/2"

# ACRYLIC ESTEEMED DIAMOND

Model  
**AC 8438**

## Main Body:

- **Material:** High-quality transparent acrylic.
- **Shape:** A flat, symmetrical pentagonal design with a pointed top and angled upper edges.
- **Finish:** Crystal-clear, with printed design elements and embedded accents.

## Design Elements:

### Golden Star Emblem:

- At the bottom center of the acrylic body, there's a 3D golden star with wings, attached directly to the acrylic. It symbolizes achievement and excellence.

## Base Design

### Composed of two segments:

- **Top Layer:** A blue acrylic plate that reflects light and adds vibrancy.
- **Bottom Layer:** A black trapezoidal base providing weight and support for upright positioning.
- **Functionality:** The base ensures the trophy remains balanced and visually grounded.

# ACRYLIC SUMMIT AWARD

**Material:** High-quality transparent acrylic

**Design Form:** Shield-like shape with a wide upper curve tapering down to a pointed base.

## Base Design

- Shape: Angular geometric blue acrylic base, trapezoidal with strong, clean lines.
- Top Base Accent: Features a triangular prism extension rising inside the shield, aligning with the plaque's pointed bottom edge.
- Color: Translucent deep blue, contrasting sharply against the transparent upper plaque.

Model  
**AC 8440**

# ACRYLIC RICH GOLD

## Material:

- Primarily made of transparent acrylic with plastic and fibre-finish components.

## Design Shape:

- Asymmetrical vertical plaque, widening toward the top, with a sweeping curve on the right edge and a flat left edge.

## Top Features

### Decorative Star Element:

- A 3D golden star is embedded at the top-left corner.

## Base Design

- Base Type: Two-part tiered plastic base:
- Top Base: Golden rounded platform with glossy finish.
- Bottom Base: Thick, black oval-shaped base.

# ACRYLIC GLITTERING STAR

**Material:** High-quality acrylic and plastic with metallic-finish accents.

**Design Style:** Modern and dynamic with layered, curved elements.

**Orientation:** Tall and vertical with an upward flare.

## Top & Body Features

### Star Accent:

- A silver metallic star is attached to the top-left of the main plaque.
- Represents excellence and top achievement.

### Main Body Shape:

- Curved plaque design with a tapered base widening toward the top.

### Three overlapping acrylic layers:

- Center is clear.
- Outer sides are transparent blue, giving it a dimensional flair.

### Base Design

- Base Type: Solid, structured base.
- Material: Likely plastic with a metallic silver finish.
- Shape: Trapezoidal with a wide bottom for stability.

Model  
**AC 8457**

# ACRYLIC UP TO THE MARK

Model  
**AC 8470**

**Material:** Primarily acrylic with a combination of clear and colored layers.

**Design Style:** Smooth, elliptical vertical plaque with a star embellishment.

**Shape:**

- The main plaque is elliptical, standing upright with a slanted orientation.
- It tapers slightly toward the top, giving it a dynamic, forward-leaning stance.

**Color Scheme:**

- The outer edge of the plaque is blue-tinted acrylic, while the center remains transparent or lightly frosted for text visibility.

**Decorative Element:**

- A silver metallic star is affixed at the bottom-left of the plaque.
- The star slightly overlaps the plaque and the base, giving a 3D appearance and symbolizing excellence.

**Base Structure**

Material: Acrylic with a glossy blue finish.

# ACRYLIC TAKE OFF

Model  
**AC 8472**

## Top Section (Main Trophy Body):

- **Shape:** The main body of the trophy is shaped like a tall, acrylic prism with a pointed top.
- **Material:** It appears to be made of transparent acrylic.

## Middle Decoration:

- A gold-colored winged star emblem is affixed inside or in front of the glass portion near the base.
- **Design:** Two stylized wings flanking a central five-pointed star.
- It symbolizes achievement, excellence, and victory.

## Base:

- **Material:** Glossy black with a golden band around the top edge.
- **Shape:** Oval or rounded rectangular.

## Overall Look:

- The trophy has a modern, prestigious appearance.
- The gold accents (star, wings, base trim, and plaque) contrast elegantly with the clear body and black base.
- It is designed to be a formal and elegant recognition piece, likely intended to be displayed prominently.

# ACRYLIC REACH

Model  
**AC 8473**

## Top Section (Trophy Body):

### Shape:

- The trophy body has a rounded teardrop or flame-like shape, with a broad top and tapering base.

### Material:

- Made from transparent acrylic, giving it a modern and elegant appearance.

### Center Emblem:

- At the upper center is a large gold laurel wreath encircling a circular emblem.

### Base:

### Material:

- Made of glossy black plastic or resin, shaped in an oval or rounded rectangle.

### Trim:

- Topped with a shiny gold trim, adding to the prestigious look.

### Overall Aesthetic:

- The trophy has a refined and celebratory look, with gold and glass elements symbolizing achievement and longevity.
- Its tall, smooth contour combined with the laurel wreath and star emblem evokes honor, success, and lasting impact.

# ACRYLIC SAIL

Model  
**AC 8474**

## Top Section (Trophy Body):

### Shape:

- The trophy has a sleek, asymmetrical vertical design with a gentle wave-like curve leaning rightward.

### Material:

- Made of transparent acrylic, giving it a polished and high-end appearance.

### Star Element:

- A large, 3D golden star is affixed prominently at the top left of the body.
- The star is metallic and reflective, creating a strong visual focal point.
- It symbolizes achievement, excellence, and standout performance.

### Base:

**Shape:** A wide, trapezoidal prism shape that provides stability and presence.

**Material:** Same clear or white acrylic/glass material as the body.

### Accents:

- A golden platform sits on the top surface of the base where the trophy body is mounted.

A 9"

₹ 555

B 10 1/4"

₹ 625

# ACRYLIC SURGE

## Overall Structure:

### Shape:

- The main body is a curved rectangular acrylic sheet that leans slightly backward with a gentle arc from the bottom-left to top-right.
- This gives the trophy a modern, upward-moving aesthetic.

## Star Cluster Decoration (Front Lower-Left):

### Left Trophy:

- Features three ascending gold stars, starting from large at the bottom to small at the top.

### Right Trophy:

- Same design, but with silver stars instead of gold.
- These stars appear to be 3D and mounted on the surface, adding a sense of motion and growth.

## Base:

- **Shape:** Oval and black with a glossy finish.
- **Trim:** Topped with a golden plate where the glass body is mounted.

## Visual Theme:

- The design is sleek and corporate, with a dynamic upward flow created by the curved body and rising stars.
- The star motif emphasizes progress, ambition, and recognition, aligning with the theme "Just Getting Started."

₹ 715

# ACRYLIC SOUVENIR

Model  
**AC 8479**

## Top Section (Trophy Body):

### Shape:

- The body of the trophy is in the form of a shield, giving it a bold, protective, and prestigious appearance.

### Material:

- Made from transparent acrylic or glass with a golden metallic inner panel.
- The golden panel is mounted inside the clear shield, adding depth and luxury to the look.

### Decoration:

- The shield is held in place with golden caps or rivets at the top corners and bottom, enhancing the ornamental effect.

### Base:

#### Material:

- A solid black glossy base, oval in shape, providing stability and contrast.

#### Trim:

- Topped with a golden platform that connects to the shield body.

### Visual Theme:

- The combination of gold, glass, and black gives the trophy a classic, timeless appeal.
- The shield shape suggests honor, protection, and victory — ideal for recognizing noteworthy accomplishments.

# ACRYLIC FELICITATION

Model  
**AC 8481**

**Shape:**

- The trophy has a perfectly round, disc-like shape on top, standing vertically like a medallion or coin.

**Material:**

- Made of clear acrylic, providing a clean and classy look.

**Bottom Emblem:**

- A golden laurel wreath element is embedded or affixed at the bottom of the circular face — a symbol of honor and achievement.

**Base:****Shape & Material:**

- The base is rounded and tiered, made from black glossy resin or plastic, with gold trim on the top and bottom edges.

**Overall Aesthetic:**

- This trophy combines modern minimalism with classic symbolism (laurel wreath, signature plaque).
- The clear circular form gives it a calm, graceful presence, while the gold accents convey prestige and honor.
- Perfect for corporate recognition and high-level awards.

A 8½"

₹ 805

# ACRYLIC CROWN

## Top Section (Trophy Body):

### Shape:

- The main body of the trophy has a contoured, hourglass-like silhouette, gently narrowing at the center and flaring out at the top and bottom.
- The top edge is elegantly curved, adding a refined touch.

### Material:

- Made from clear acrylic, giving it a polished and transparent look.

### Base:

### Shape & Material:

- A rounded rectangular black base, made of high-gloss plastic or resin.
- Trimmed with gold accents on the top and bottom for a luxurious appearance.

### Overall Aesthetic:

- The trophy has a professional and elegant appeal, ideal for corporate gratitude or leadership appreciation.
- The laurel emblem, gold detailing, and personalized plaque give it a prestigious and customized finish.
- Perfect for honoring senior executives or key contributors.

# ACRYLIC SUPER STAR

Model  
**AC 8485**

## Shape:

- The trophy body features a tall, curved design that bends gently to the right, creating a sense of upward motion and energy.
- This sleek, asymmetrical curve gives the trophy a modern and aspirational appearance.

## Material:

- Made from clear acrylic material for a polished and premium feel.

## Decorative Elements:

- On the left edge of the curve is a black strip embedded with five gold stars in ascending size and alignment — symbolizing rising excellence and progression.
- At the top right is a black color circular.

## Base:

### Shape & Material:

- Made from black high-gloss resin, rounded and tiered for stability and presence.
- Topped with a gold platform where the trophy body is mounted.

### Overall Aesthetic:

- The combination of stars, bold curves, and gold accents reinforces the theme of outstanding performance and rising above expectations.
- The upward-flowing curve and star trail create a visual metaphor for success and aspiration.
- Ideal for awards in performance excellence, team contributions, or heroic efforts.

# ACRYLIC LEGACY AWARD

Model  
**AC 8486**

## Shape:

- The trophy has an asymmetrical, curved vertical design with a flowing, modern silhouette.
- The left side is taller and slightly concave, while the right side is slanted and tapered inward toward the top.

## Material:

- Constructed from clear acrylic, giving it a refined and polished look.

## Decorative Features:

- A black strip runs vertically along the left edge, adorned with two gold stars (one at the top corner and one at the bottom).
- These stars add contrast and visual balance, enhancing the award's modern design.

## Base:

### Shape & Material:

- The base is rounded and layered, made from glossy black resin.
- Topped with a golden platform where the body of the trophy is securely mounted.

## Overall Aesthetic:

- The trophy blends modern asymmetry with classic gold and black elements, making it suitable for formal recognition events.
- The curved design and vertical orientation symbolize progress, achievement, and upward momentum.
- Perfect for corporate or academic excellence awards.

# ACRYLIC STELLAR LEADERSHIP

Model  
**AC 8487**

## Shape:

- The trophy has an asymmetrical, curved vertical design with a flowing, modern silhouette.
- The left side is taller and slightly concave, while the right side is slanted and tapered inward toward the top.

## Material:

- Constructed from clear acrylic, giving it a refined and polished look.

## Decorative Features:

- A black strip runs vertically along the left edge, adorned with two gold stars (one at the top corner and one at the bottom).
- These stars add contrast and visual balance, enhancing the award's modern design.

## Base:

### Shape & Material:

# ACRYLIC VELOCITY AWARD

Model  
**AC 8490**

## Shape:

- The trophy features a triangular, asymmetrical upright design.
- It has a tall, narrow form that widens at the top and tapers towards the base.
- The top right corner is curved, while the top left includes an angular extension, adding dynamic movement.

## Material:

- Made of clear acrylic with blue gradient accents on the left and top edges.
- Blue wave-like streaks near the top give it a stylized and creative touch.

## Decorative Elements:

- A silver star-shaped inlay appears on the top-left edge, symbolizing excellence and distinction.

## Base:

### Shape & Material:

- A rounded, tiered black base, possibly made from resin or plastic.
- The body of the trophy rests securely on a flat circular golden platform.

## Overall Aesthetic:

- The design is modern and bold, combining clarity with color for strong visual appeal.
- The silver star, blue accents, and sharp angles give it a professional, celebratory tone.
- Ideal for awards related to leadership, innovation, or special milestones.

# ACRYLIC NORTH STAR

Model  
**AC 8506**

## General Physical Features (Common to Both Awards):

### Material:

- High-quality clear acrylic or glass, giving a premium crystal-like finish.

### Shape:

- Tall and rectangular with a tapered trapezoidal structure — wider at the base and narrowing toward the top.
- One corner is slanted inward, where a prominent 3D star is embedded.

### Base:

- The base is integrated into the design, not a separate platform. It's flat, ensuring stable placement.

### Star Element:

- A large metallic star is mounted on the top left, extending over the edge of the trophy.
- One is silver, the other is gold — forming the main aesthetic difference between the two trophies.

### Design Detail:

- Blue and yellow wave design near the base for a touch of color and modern appeal.

# ACRYLIC APEX ACHIEVER

Model  
**AC 8515**

## Top Section (Main Body):

**Material:** Likely metallic-finished acrylic with a silver mirror-like surface.

**Shape:** An asymmetrical vertical plaque, slightly curved with a rounded slope on the top right side, giving it a dynamic and elegant silhouette.

## Color Scheme:

- **Front:** Polished silver with printed text.
- **Edge/Side Trim:** Dark (black or dark grey).
- **Accent:** A golden star attached near the top-right edge, symbolizing excellence.

## Base Section:

- **Material:** Acrylic high-gloss composite material.
- **Shape:** Semi-cylindrical or arched top, supporting the upright plaque securely.
- **Feet:** Four ornate golden legs, one at each corner, adding a touch of luxury and formality.

## Overall Aesthetic:

- Elegant and celebratory, fitting for high-achievement recognition.
- Combines modern materials (metallic/acrylic/glass) with classic elements (gold star and ornate base).
- Ideal for corporate employee awards or annual recognition ceremonies.

A 10"  
₹ 750

# ACRYLIC CORNERSTONE

Model  
**AC 8516**

## Top Section (Main Plaque):

**Material:** Appears to be made of metal or metallic-finish acrylic with a brushed silver face and black sides.

**Shape:** A broad shield or pentagon-like form with an angular top and tapered bottom.

## Color Scheme:

**Front:** Silver metallic finish.

**Sides:** Matte black or dark-colored finish.

## Base Section:

- **Material:** Acrylic high-gloss composite material.
- **Shape:** A rounded, semi-cylinder base, giving the structure a solid, elevated presence.
- **Feet:** Four ornate golden legs at each corner of the base, adding a touch of elegance and formality.

## Overall Impression:

- The award combines modern styling with a touch of traditional luxury (golden feet and glossy finish).
- It's designed to recognize corporate milestones, making it ideal for financial institutions or high-level business recognitions.

A 9½"

₹ 940

# ACRYLIC THE ORBIT AWARD

Model  
**AC 8517**

## Top Section (Main Plaque):

**Shape:** Perfect circular disc or medallion-style upright plaque.

**Material:** Appears to be made of clear acrylic, with a translucent finish.

## Base Section:

- **Support:** The circular plaque is held in place by a dual-pronged black holder that curves up from the base.
- **Main Base Material:** Acrylic high-gloss composite material.
- **Shape:** Rectangular with a rounded top, forming a strong and stable base.
- **Feet:** Four gold-colored ornate legs, adding a traditional and prestigious touch.

## Overall Design Impression:

- The round shape conveys wholeness, achievement, and unity.
- The blend of modern (acrylic/glass) and classic (gold accents) elements gives it a high-end executive appearance.
- Ideal for recognizing significant financial milestones or top-tier performance in a corporate setting.

A 10"  
₹ 1015

# ACRYLIC ARCH OF TRIUMPH

Model  
**AC 8518**

## Top Section (Main Plaque):

**Shape:** A fan-shaped or flared vertical panel — wide at the top and narrowing toward the base.

The top edge curves upward with two symmetrical points, giving it a decorative, almost floral silhouette.

## Material:

Likely made of acrylic with a silver metallic front and black side panels.

## Color & Accents:

- The central panel is silver/white.
- Two thick black side columns rise up along the sides, each accented with a yellow stripe, adding vibrancy.

## Base Section:

- **Shape:** A semi-cylindrical black base with a glittery or textured finish, consistent with a premium trophy look.
- **Material:** Acrylic high-gloss composite material.
- **Feet:** Four ornate golden legs, providing both elevation and a traditional, prestigious finish.

## Overall Aesthetic:

- The award merges modern form (sleek acrylic, color accents) with traditional prestige.
- The flared shape symbolizes expansion, growth, and success, fitting for an appreciation award.
- This style is well-suited for corporate thank-you gestures, partnership recognition, or milestone celebrations.

A 9½"

₹ 935

# ACRYLIC CONSTELLATION

Model  
**AC 8519**

## Top Section (Main Plaque):

**Shape:** A tall trapezoidal panel, wider at the top and tapering downward, with the top edge slightly slanted upward to the right for a sleek, modern look.

## Material:

Likely made from clear acrylic with a metallic finish.

## Design Elements:

- Along the right side of the plaque, a vertical trail of black and yellow stars is affixed, ascending from large to small, symbolizing rising success and excellence.
- This design adds a dynamic and celebratory feel.

## Base Section:

- Shape:** A semi-cylindrical black base with a sparkly / glittery finish, providing contrast to the clear top.
- Material:** Acrylic high-gloss composite material.
- Feet:** Four ornate golden legs at each corner, adding a touch of traditional elegance and giving the trophy a premium presence.

## Overall Design Impression:

- The award balances contemporary geometry with festive flair (through the ascending stars).
- The yellow and black stars are a clear metaphor for rising achievement and performance.
- Perfect for recognizing top performers, especially in creative, sales, or high-achievement environments.

# ACRYLIC THE RADIANCE AWARD

Model  
**AC 8520**

## Top Section (Main Body):

**Shape:** A rectangular plaque with subtly angled top corners, giving it a slightly polygonal, modern frame. Flat front with a symmetrical design.

**Material:** Appears to be made of acrylic or crystal-clear plastic, giving it a sleek, premium look.

The edges and inner decorations are light-reflective or LED-lit, enhancing its visual appeal.

## Decorative Elements:

### Side Borders:

- Decorated with a cascade of small triangular/star-like patterns, mostly in red, orange, and yellow hues, giving a glowing, celebratory effect.

### Bottom Border:

- Features a cluster of yellow stars, adding a festive and achievement-oriented tone.

## Base Section:

### Shape:

- Oval or elliptical black base with a layered appearance.

### Material:

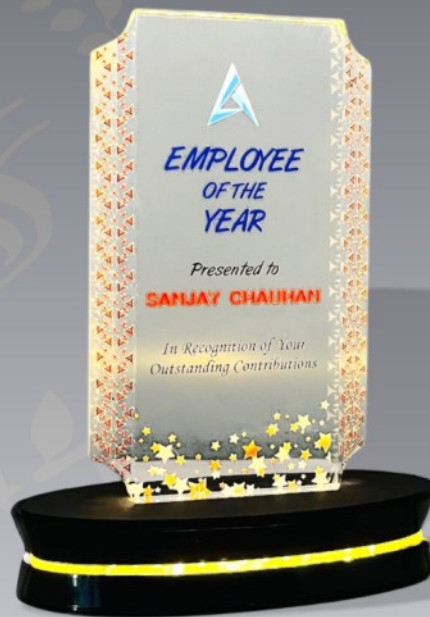

- Acrylic high-gloss composite material.

### Special Feature:

- Built-in yellow ring around the bottom layer, casting a soft glow upward onto the plaque for a dramatic and elegant presentation.

## Overall Design Impression:

- Combines modern award aesthetics with symbolic celebration elements (stars, vibrant colors).
- The illuminated base and star accents create a striking visual impact, making it ideal for award ceremonies, spotlight moments, or high-recognition events.
- Perfect for employee excellence awards, particularly when presentation and stage presence matter.

A 8½"  
₹ 1060

# ACRYLIC THE CRIMSON ACHIEVEMENT

Model  
**AC 8521**

## Top Section (Main Body):

**Shape:** Pentagon or arrowhead-shaped plaque with a pointed top, giving it a distinctive upward look — symbolizing ambition and success. The lower edges taper into a central point, enhancing the sharp and symmetrical form.

**Material:** Likely made of clear acrylic, with a frosted finish on the front for engraving visibility.

## Design Accents:

### Side Borders:

- Decorated with a repeating triangular/pinwheel pattern in red, adding visual interest and flair.
- Subtle white stars and a gold ornamental flourish near the top enhance the elegance.

## Base Section:

### Shape:

- Semi-cylindrical base, offering a sturdy platform for the upright plaque.

### Material & Color:

- Constructed from a bright red glossy material, likely resin or wood with a glittery finish.

**Feet:** Four ornate gold-painted feet (one at each corner), adding a traditional and ceremonial touch.

## Overall Aesthetic & Purpose:

- The design strikes a balance between formal elegance and celebratory boldness, making it ideal for:
  - Corporate excellence awards / Employee recognition
  - Institutional or organizational achievements
- The pointed top and vibrant color scheme give it a strong presence, perfect for display in offices or awards showcases.

A 8.75"

# ACRYLIC THE VISIONARY

Model  
**AC 8522**

## Top Section (Main Body):

### Shape:

- A tapered pentagonal prism, widest at the top and narrowing towards the base.
- The top edges slope gently inward to a flat top, adding a sense of upward movement and refinement.

### Material:

- The main body is made of clear high-quality acrylic, with faceted, textured edges that catch and reflect light—creating a gem-like appearance.
- The central face is smooth and frosted for text and image printing.

## Design Features:

### Base Section:

#### Shape & Material:

- A sturdy multi-tiered circular base, made of dark polished wood or composite material.
- The topmost layer has a gold metallic collar, adding contrast and elegance between the crystal top and the base.

### Color Scheme:

- Deep brown to black for the base, with a gold accent ring and crystal-clear top for a premium finish.

### Overall Aesthetic:

- This trophy is visually prestigious, formal, and premium, designed for high-caliber recognition.
- The faceted crystal texture gives it a luxurious and timeless appeal, ideal for events such as:

A 10 1/2"

₹ 1435

# ACRYLIC THE GUIDING STAR

Model  
**AC 8523**

## Top Section (Main Body):

### Shape:

- A tall vertical hexagonal prism, tapering slightly toward the top with angled top corners, giving it a geometric, modern appeal.
- The front face is smooth and flat, ideal for printing or engraving.

### Material:

- Made of clear crystal or glass with faceted textured side panels that sparkle and reflect light.
- The front panel is frosted or satin-finished, providing contrast for the text.

## Decorative Emblem (Bottom):

- A 3D gold emblem is affixed to the lower part of the front face:
- **Design:** A gold star with black edges, framed by a pair of golden wings, symbolizing victory, leadership, and excellence.
- Adds a visual focal point and enhances the trophy's celebratory tone.

## Overall Aesthetic:

- The trophy gives off a refined and prestigious look—perfect for:
- The crystal clarity, textured edges, and gold winged emblem together communicate honor, longevity, and excellence.

A 8½"

₹ 1705

# ACRYLIC THE APEX

Model  
**AC 8525**

## Overall Structure (Common to Both Awards):

**Shape:** A tall, rectangular vertical block with a polygonal base, cut at sharp angles for a contemporary appearance.

The body tapers very slightly toward the back and is flat-faced for printing.

**Material:** Made entirely of clear acrylic with three distinct texture zones:

- Smooth top section – for logo and star
- Textured middle section – with a cracked ice or glacier effect, giving a shimmering internal texture
- Smooth bottom section – for personalization

## Design Elements:

- Slanted band of textured crystal running diagonally from left to right, creating visual motion and depth.
- Star emblem mounted on the top front panel, acting as a symbolic element of achievement.

## Design: Royal Gold / Pristine Silver

- **Star Color:** Large, three-dimensional golden/silver star.
- **Visual Impact:** Radiates warmth, prestige, and classic recognition.

## Overall Impression:

These awards are ideal for:

- Corporate appreciation / Employee excellence/ Star performer recognition
- The gold version emphasizes classic prestige, while the silver version delivers a more refined and contemporary vibe.

A 8½"

₹ 2105

# ACRYLIC THE TRIBUTE AWARD

**AC 8529**

## Shape:

- The award has a teardrop or asymmetrical flame shape, tapering toward the top right corner.
- The left edge is rounded, while the right edge is straight and leans diagonally for a sleek, contemporary silhouette.

## Material & Texture:

- Made from transparent high-grade acrylic.
- The sides are diamond-cut, providing a reflective texture that catches light and adds brilliance.
- The front face is flat and polished, used for printing or engraving.

## Design:

### Top Section:

- Blue wave design at the top left corner adds a pop of color and visual flow.

### Ornamentation:

A golden laurel branch is affixed to the bottom left of the face:  
Symbolizing victory, excellence, and achievement  
The branch curls upward, blending into the crystal body.

### Base Structure:

- Transparent blue support plate beneath the crystal, adding color depth.
- Mounted on a black oval base with a glossy finish, providing stability and contrast.

# ACRYLIC THE CATALYST

Model  
**AC 8530**

## Shape:

- The award features a tall, upright, asymmetrical form, tapering from a wide top to a narrow base.
- The top left corner forms a pointed arc, mimicking the shooting star theme.
- The right side is more linear and angled, giving it a modern edge.

## Material:

- Constructed from transparent acrylic.
- Textured diamond-cut edges reflect light, giving a sparkly, prismatic effect.
- Flat front surface allows for detailed text and design printing.

## Design Elements:

### Top Section:

- A prominent 3D golden star is embedded into the top portion, extending outward slightly from the body of the award.
- Scattered gold stars (printed) surround the central star, creating a dynamic "burst" or "rising star" effect.

### Base Structure:

- The award is mounted on a glossy black oval base, creating contrast with the clear upper section.
- A blue acrylic platform between the crystal body and the base adds a vibrant accent and sense of elevation.

**Theme:** Celebration, Recognition, Achievement

# ACRYLIC THE ROYAL DISTINCTION

Model  
**AC 8531**

## Shape:

- The trophy has a tall, upright, and rectangular prism structure.
- Slight tapering towards the top gives it a subtle trapezoidal outline.
- It stands vertically without a base, resting directly on its flat bottom.

## Material:

- Made of clear, high-gloss acrylic, offering transparency with a polished finish.
- Reflective surfaces and beveled edges enhance its premium appearance.

## Top Feature – Crown Accent:

- A golden 3D crown sits atop the award.
- Decorated with embedded purple gemstones or accents.
- Symbolizes honor, leadership, and long-term contribution.
- Adds a royal and celebratory aesthetic.

## Design Motifs:

- Flowing abstract wave design in purple and pink at the bottom and top, creating movement and vibrance.

## Overall Aesthetic:

Theme: Prestige, Celebration, Loyalty
